PROFESSIONAL PROFILE

Information Technology Engineer with a proven track record in software development, network management, and database administration. Seeking to leverage my technical expertise in a challenging environment to drive project success and innovation. Final-year student in Information Technology Engineering with experience in software development, database administration, network management, data analyst. Skilled in teamwork and effective communication. Seeking opportunities to apply my knowledge in a challenging technological environment.

EDUCATIONAL BACKGROUND

Bachelor's degree in Informatic Engineering
Universidad Latinoamericana de Ciencia y Tecnología (ULACIT) | 2022 – 2025
PowerBI Certification
Universidad Fidélitas | 2024

EXPERIENCE

Data Analyst
GRUPO BIMBO
January 2025 – July 2025

- Analyzed large datasets using Excel, implementing complex formulas and data models to support decision-making.
- Extracted and processed data from databases to generate detailed reports, improving operational insights by 30%.
- Designed and developed interactive dashboards in Power BI, visualizing key performance indicators (KPIs) for business intelligence.
- Automated reporting processes, reducing manual effort and improving efficiency by 40%.

Supervisor
TRANSNICA

May 2022 – Present

- Supervise intercity bus operations, ensuring schedule adherence and service quality.
- Record and track bus arrivals, departures, and fuel consumption for operational control.
- Monitor bus routes in real time using GPS systems to ensure route compliance.
- Address and resolve incidents or delays during operations promptly.
- Create detailed operational reports to support management decisions and improve efficiency.

Volunteer Basic Computer Science and Intermediate Office Teacher
SIFAIS

October 2023 – December 2023

- Conducted basic computer science courses, teaching students to use computers and navigate the internet.
- Taught intermediate Office, covering Word, PowerPoint, and Excel, helping students create professional documents, presentations, and complex spreadsheets.

CERTIFICATIONS

- **PowerBI**
- **MongoDB Aggregation**
- **Snowflake**
- **Become a specialist in network administration**

SKILLS AND KNOWLEDGE

- **Programming Languages:** Advanced: C# | Intermediate: Python, Java
- **Web Development:** Advanced: HTML, CSS, JavaScript, React
- **Databases:** Advanced: Oracle Database, SQL Management Studio, NoSQL
- **Microsoft Azure DevOps**
- **Networks:** Configuration and management
- **Office:** Intermediate: Word, PowerPoint, Excel, PowerBI
- **Snowflake**
